THE NEXT GENERATION SERIES OF HIGH PERFORMANCE SAND FILTERS

## Commercial & Domestic Sand Filters

**Advanced Bobbin  
Wound Spun Fibreglass**

With the vast improvements in pool and spa pumps, the demand for more sophisticated and better engineered filters has become essential.

### COMPU POOL PRODUCTS

Leading the way in Pool & Spa Products Since 1979  
88 Spencer Street Nerang Qld 4211 Australia

Email: sales@compupool.com.au

This is why Compu Pool Product's research and development team has put so much effort into ensuring Blue Finn Next Generation Sand Filters surpass the highest standards of quality, performance, reliability and convenience - ensuring it is one of the most popular sand filters on the market today!

# Blue Finn

## THE NEXT GENERATION SERIES OF HIGH PERFORMANCE SAND FILTERS

### HOW BLUE FINN WORKS

Blue Finn sand filters feature an advanced water circulation system through a balanced layout of laterals strategically located throughout the base of the tank. This allows the water to be perfectly distributed throughout the entire filter bed trapping debris and other impurities, before pure crystal clear water returns into the pool via the multiport valve.

### TECHNOLOGICALLY ADVANCED

Blue Finn's design is comprised of the latest technology in advanced bobbin wound fibreglass. The use of corrosion-resistant, reinforced, abrasion proof and state of the art fabrication techniques ensures the filter will be able to handle the harsh extremes of the Australian climate ... season after season!

### EFFICIENCY

Large capacity and higher flow rates enable the pool water to be filtered more effectively in a shorter period of time thus helping to reduce operating costs.

### RELIABILITY and DURABILITY

The advanced design of Blue Finn allows it to comfortably handle the constant increases and decreases in pressure that sand filters experience.

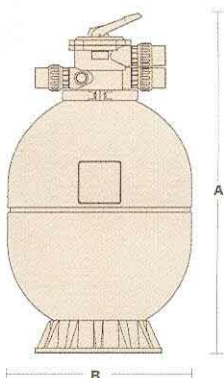

Compu Pool Products is a proven name you can rely on with over 25 years experience of manufacturing and distributing pool and spa equipment.

Each filter is covered by a limited 10 year warranty on the tank and a 12 month warranty on the valve and internals.

## HIGH PERFORMANCE SAND FILTER

Model	Tank Diameter (mm) (B)	Height (mm) (A)	Inlet & Outlet Dia (mm)	Flow (l/m)	Filtrate Area (m <sup>2</sup> )	Weight of Sand (Kg)	Recommended Wahoo & Powerstorm Pump Size
BF400 - 16"	400	800	40 X 40	145	0.126	50	Powerstorm 500
BF450 - 18"	450	840	40 X 40	180	0.161	75	Powerstorm 750 Wahoo 75
BF500 - 21"	500	870	40 X 40	190	0.196	80	Powerstorm 750 Wahoo 75
BF650 - 25"	650	970	40 X 40	260	0.300	150	Powerstorm 1500 Wahoo 100
BF700 - 28"	700	1000	40 X 40	300	0.360	180	Powerstorm 1500 Wahoo 125
BF750 - 30"	750	1020	50 X 50	350	0.380	200	Wahoo 125 or 150
BF800 - 33"	800	1160	50 X 50	420	0.400	300	Wahoo 150
BF900 - 36"	900	1260	50 X 50	500	0.650	400	Wahoo 200
BF1000 - 40"	1000	1270	50 X 50	550	0.800	500	Wahoo 200
BF1100 - 44"	1100	1270	50 X 50	610	0.940	600	Wahoo 300
BF1200 - 48"	1200	1450	50 X 50	700	0.970	650	Wahoo 300
BF1400 - 56"	1400	1600	50 X 50	780	1.300	800	Wahoo 300

### FEATURES

- Corrosion resistant
- Deforming-proof design
- Easy to install and virtually maintenance free
- Heavy duty UV protected fibreglass tank
- High performance filtering
- Suitable for all types of pools, fresh or salt water
- Sight glass for inspection of filtered water
- Easy to read, centrally located pressure gauge
- Advanced six position multiport valve
- Suitable for commercial or domestic applications
